U. S. Grants Refuge to Polish Communist Official

Mendes-France Links Saar Issue To Rearmament

Adenauer Pledges New Germany Will Limit Armament

LONDON — France tossed a new obstacle today in the way of restoring German sovereignty and rearmament.

French Premier Pierre Mendes-France seized the initiative at the opening session of the nine-nation conference which seeks to unify West European defenses by presenting a "package plan" that would link both the explosive Saar issue and strict controls on armaments to a final German settlement.

The coal-rich, 900-square-mile Saar area has been a chief bone of contention between Germany and France since the end of World War II. Controlled by Germany before the war, it now is controlled economically by France, which also dictates its foreign policy.

West Germany has accused France of trying to take over the area completely and has demanded that, at the least, it be internationalized.

Mendes-France did not tell the conference, seeking a substitute for the French - killed European Defense Community plan, that he would insist that a settlement of the Saar issue be a condition to restore German sovereignty and rearmament.

But he held up the spectre of a suspicious French Assembly and suggested he stood a better chance of obtaining final Assembly approval if he presented a solution of all problems in a single lump.

His plan also would write in strict and detailed restrictions on German rearmament under the Brussels pact — details which the United States and Britain and NATO Commander Gen. Alfred M. Gruenther believe are not necessary.

At one point in Mendes-France's speech, West German Chancellor Konrad Adenauer interrupted to pledge dramatically that the new Germany will voluntarily limit her armament, once the allies end their occupation and restore sovereignty.

Despite the French premier's unexpected move, delegates felt that the conference had gotten off to a "very good start."

The speech of Mendes - France — whose country has been most stubbornly opposed to German rearmament — was described by one delegate as "very conciliatory."

Pledge to Limit Armies
Adenauer assured the French premier that Germany would keep her armies within the 12-division limit which would have been set by the European Defense Community treaty killed by France.

The German chancellor said West Germany would agree to any armaments controls that do not discriminate against her.

Mendes-France made his speech — (Continued on Page Four)

Odum and Deaton Indicted in Williamson Deaths

MARION, Ill. (CP) — A Williamson County grand jury today indicted Fred Odum, 40, Marion, for murder in the death of Lorin Norman, 25, at a picnic Aug. 29.

Odum admitted to authorities he hit Norman on the head with a piece of firewood at the picnic at Crab Orchard Lake. He said he did not know why he did it.

The grand jury also indicted Webb Deaton, 25, Creal Springs, for reckless homicide in the death of Mrs. Edna Laughlin, 65, Creal Springs, in a traffic accident. Deaton's car collided with a light truck driven by the dead woman's husband, John, 76, on June 15.

The jury returned five indictments against Robert Baggett, 17, Herrin, who is charged with breaking into the home of Mrs. Hildegarde Wagner in Herrin and beating her. The youth, who fled to New Orleans after the attack, was indicted for assault with intent to murder, assault with intent to rob, burglary, and two counts of auto larceny.

Father 'Bearhugs' Son, 9, to Death; Held For Grand Jury Action

CHICAGO — A 23-year-old father was held for grand jury action today on charges that he killed his 9-year-old son by "bear-hugging him, twisting his arm and tossing him 15 feet across a room."

Eddie Comiza, an unemployed truck driver, told a coroner's jury Monday that he was only trying to teach the boy, who had been crying.

The jury recommended that Comiza be held for a grand jury.

Auto Runs Through Light; School Boy Killed, Five Children Injured

CHICAGO — Robert Sledzianowski, 11, died today of injuries suffered when he and five other children were struck by an auto that ran through a stop light.

The driver of the car and a passenger were arrested Monday a few minutes after the accident when the auto crashed into the side of a house.

Thomas Schimanski, 11, suffered a fractured right knee and a possible brain concussion in the accident which occurred as the children were on their way to school.

The driver of the auto, James Hoover, 25, and the passenger, Willie J. Peeler, 25, said they were not fleeing the scene. They were unable to stop the car because of defective brakes, they said.

Paul Whitlock Named County ASC Chairman

Paul Whitlock of Stonefort township today was elected chairman of the Saline County Agricultural Conservation committee at a county convention held at the city hall.

Whitlock, a committee member three years ago, succeeds Raymond Alvey of Cottage township as chairman. Alvey and Ira Pankey of Eldorado township, vice chairman, both signified before the meeting that they did not choose to run for committee posts again.

Elected vice chairman was John Winters of Raleigh township. Jess Rister of Eldorado township, a former committee chairman, was elected third member of the committee. Elected first alternate to the committee was Herman Driskell of Mountain township, a present committee member, and the second alternate elected was Robert Mings of Long Branch township.

The new officers take over October 1.

They were elected by delegates, one delegate having been elected to represent each township of the county. Delegates to the convention were Ivan Stone of Brushy, Carl Vance of Carrier Mills, Adrian Rister of Cottage, John Kittinger of Eldorado, Homer Watson of Galatia, David Lewis of Harrisburg, Fred Tanner of Independence, Robert Mings of Long Branch, Charles Barnett of Mountain, Raymond McConnell of Raleigh, Charles Cox of Rector, Paul Whitlock of Stonefort and Floyd Springs of Tate. Ten of the 13 delegates were present to take part in the voting.

Edgar Thompson, office manager of the ASC committee offices, opened the meeting and presided until a convention chairman and a convention secretary could be elected. Paul Whitlock was named the chairman and Ivan Stone the secretary for the convention proceedings.

Mr. Thompson read to the convention the duties of the ASC committee and the requirements for election. He said that the county committee, acting through the county committee members and other personnel, shall be generally responsible for carrying out in the county the agricultural conservation program, the price support programs, and the acreage allotment and marketing quota programs pursuant to the Acts of Congress.

Kramer Creditors Get 1.9 Cents on Dollar

SPRINGFIELD (CP) — Checks averaging \$37.50 each were prepared today for mailing to 1,200 creditors of Arthur F. Kramer, Jerseyville, partner of the late auto dealer Robert L. Knetzer.

Average claim filed by the creditors against the bankrupt farmer, who took part with Knetzer in a fantastic post-war auto scheme, was about \$1,975. Creditors are getting about 1.9 cents on the dollar.

The Weather

ILLINOIS: Considerable cloudiness with showers and scattered thunderstorms tonight and Wednesday. Turning cooler north and west-central Wednesday. Low to night 65-70 south. High Wednesday in the 80s southeast.

School Problems Discussed by Area Teachers

Lower State Aid Will Cut County Claims \$57,000

School problems in the state of Illinois were discussed yesterday afternoon at a call meeting of teachers in the Southern Division of the Illinois Education association, held at West Frankfort.

The Southern division comprises the 15 southern counties of Illinois.

R. Dale Wilson, county superintendent of schools said that one of the big problems that will affect this county, is that instead of 98 per cent of the state aid claims, which are being received now, only 90 per cent of them will be allotted starting January 1.

"This means a cut of \$57,000 in the amount of money the county will receive in state aid claims," he said.

2,000 Attend

Speakers at the meeting, attended by approximately 2,000 teachers, were Claude Vick, a representative of the IEA, William Carruthers of Murphysboro, state legislative chairman of the IEA, Russell Rendleman of Anna, legislative chairman of the Southern division, and Gobel Patton of West Frankfort, chairman of the Public Relations committee of the IEA.

Statewide problems presented to the teachers included the teacher shortage and increased enrollments, with many schools in the upper part of the state operating on a half day basis because of the enrollment hike and lack of housing.

In many cases where there are subdivision developments which bring new pupils into the area, school districts cannot keep up with the building program needed and many cannot build at all because the districts already are bonded to the legal limit on present buildings, it was pointed out.

Costs Higher

With the cost of education going up due to salary hikes, increased cost of equipment and higher operating expenses, the per capita cost of educating a pupil has gone up along with the general cost, it was stated. The Problems commission of the IEA at the last General Assembly set the minimum foundation cost at \$208 per pupil and asked for a state aid base of \$180 (\$180 per pupil). However, the legislature passed a law saying that no more than \$173 could be given. The present amount is 98 per cent of the \$173 but in January the percentage will be cut to 90 per cent due to increased enrollments.

Wilson said the gathering didn't attempt to solve the problem but will work to get additional state aid claims.

Baptist Ass'n to Meet at Raleigh Sept. 30-Oct. 1

The 64th annual session of the Saline Baptist association of 32 missions and Baptist churches in Saline and Gallatin counties, will be held at the Raleigh Baptist church Thursday and Friday, Sept. 30 and Oct. 1.

The meeting will be opened Thursday at 10 a. m. by the moderator, Rev. Claid Wesley, pastor of the Wasson Baptist church. Assistant moderator is Rev. O. C. Cooper of the First Baptist church in Eldorado. Rev. Roy Reynolds, Harrisburg, is clerk.

The annual sermon will be presented by Rev. Cooper and the doctrinal sermon by Rev. Paul Frick, pastor of the Liberty church southwest of Harrisburg.

Those attending are asked to bring sandwiches for their family, and the host church will furnish the remainder of the meal. Rev. Howard Todd Taylor is pastor.

Dedicate New WAC West Point

FT. McLELLAN, Ala. (CP) — The Women's Army Corps has its first permanent training center here today, a six-million-dollar new West Point of the WACS dedicated by Gen. Matthew B. Ridgway.

The Army chief of staff, in the dedication ceremonies Monday, said "the WACS have proven themselves indispensable in backing up and supporting" the nation's fighting men.

"In time," Ridgway said, "the center will occupy the place in the history of the Women's Army Corps that Ft. Benning does for the infantry, Ft. Sill for the artillery and Ft. Knox for armor."

SURVIVE FERRY DISASTER—Part of the few survivors of the overturned ferry, Toya Maru, are treated at Tokyo first aid station. More than 1,000 persons perished when the ferry, carrying 1,140, overturned in typhoon near Hokkaido, Japan. Fifty-seven Americans are among the dead and missing. At left is shown a map showing Hokkaido, Japan, where the typhoon winds hit. (NEA Telephoto)

Mayor Horning Denies Lake Sites Have Been Leased To City Officials

Mayor Ralph Horning Jr. today denied emphatically that any lots on the new Lake Harrisburg had been leased to members of the Harrisburg City Council, members of the Water Board or to any other person.

The mayor's statement was made to The Daily Register in response to queries concerning rumors that Council and Water Board members and various other city officials or employees had been offered sites for a period of 20 years for the sum of one dollar per year.

Mr. Horning stated that the matter of lake sites had been discussed unofficially, but that the size of lots or sites around the lake had not been determined, nor had there been official discussion of the price that is to be paid.

He said that Attorney Trafton Dennis had studied the law on granting leases and that the City Council, by three fourths vote may give leases up to 20 years at an annual rental. Leases for 99 years may be given only by advertising the site to be leased and putting it up for public auction.

The Mayor stated that it had been suggested that city officials, in view of the extra efforts, over and above their regular duties, required to develop the lake proposition, might be given their choice of sites, but that they should be required to pay the same rental for sites as any other individual or group.

Douglas Blames GOP for 'Inflation, Recession,' Meek Hits Demo T-H Policy

By United Press
Sen. Paul H. Douglas said today that Republican "Old Guard policies" have brought the nation to "inflation and recession at the same time."

Meek also told a Rock Island audience that a new climate of peaceful labor-management relations under the Eisenhower administration has cut 1954 strike losses to one-fourth of what they were in the last year of the Truman regime.

"Hourly wage rates are today the highest in history," he said.

"Employment is up two million since January, 1953," Meek continued, "and if thinking Democrats will look at the record of the last 20 months, they will see solid progress toward recovery of full prosperity without war, without controls and with increasing freedom of the individual."

Ralph Clem, Former Metropolitan Manager Here, Dies

Ralph Clem, former manager of the Metropolitan Life Insurance company office in Harrisburg, died Sunday night at Flint, Michigan, it was reported Monday to their friends. Dr. and Mrs. B. E. Montgomery.

Mr. Clem, who was a World War I veteran, and probably about 56 years of age, died in a hospital while doctors were consulting regarding his case. He was believed to have suffered a ruptured blood vessel due to an ulcer. He had received a blood transfusion during the consultation.

Mr. and Mrs. Clem, the former Florence Pope, left Harrisburg in June, 1940. He served as manager of the Minneapolis office of Metropolitan until September, 1952, when he was transferred to Flint.

They were natives of the Williamsport, Pa. area, near Thompsonville, and lived at Herrin for a long period. Funeral services will be Saturday afternoon at Herrin Christian church, according to tentative arrangements.

SURVIVE FERRY DISASTER—Part of the few survivors of the overturned ferry, Toya Maru, are treated at Tokyo first aid station. More than 1,000 persons perished when the ferry, carrying 1,140, overturned in typhoon near Hokkaido, Japan. Fifty-seven Americans are among the dead and missing. At left is shown a map showing Hokkaido, Japan, where the typhoon winds hit. (NEA Telephoto)

State Forester Issues Warning Of Fire Hazards

SPRINGFIELD — Southern Illinois can expect forest fire hazards again within the next few days if the weatherman doesn't intercede with more rain, it was reported today.

State Forester E. E. Nuuttila said the situation now is fairly good. There's enough moisture in the woods to keep fire danger reasonably low, he said.

But four or five days without rain and Illinois forests would be dry again, a danger that would worsen as fall progresses.

Nuuttila said once frost comes and foliage turns dry, a careless cigarette can create an inferno in a few minutes.

The forester said no fires had been reported in the last few days, although wardens and other observers are keeping a close check on the situations from lookout towers scattered through the area and from other observation points.

He reported several hundred acres were burned over during the last few weeks in several good-sized fires, and several smaller ones were extinguished without major damage. Compilation of figures for woods fire damage during the year hasn't been completed.

But about 100,000 acres were burned over during the 1953 season, Nuuttila recalled, with damages adding up to between \$500,000 and \$600,000.

So fire damage is a real threat to the area, and everyone should exercise care, he said.

Oscar Chapman to Address Democratic Rally Here Oct. 19

Two Democratic rallies in the area have been announced — one at Herrin next Monday, Oct. 4, and the other in Harrisburg, Tuesday, Oct. 19.

Featured speaker at the Harrisburg meeting will be Oscar Chapman, former cabinet member. Mr. Chapman held responsible positions in the federal government during the presidency of the late Franklin D. Roosevelt and also during the term of former President Harry S. Truman.

The meeting in Harrisburg will be held at the court house.

Next Monday at Herrin an outdoor rally is scheduled, with U. S. Senator Paul Douglas the featured speaker. State candidates — Mark Peterman for superintendent of public instruction and David Mallett for state treasurer — plus district and county candidates will also be present.

Many from Harrisburg are planning to attend the Herrin rally and it was said that those wishing to go and do not have transportation, should be at the north corner of the court house about 6:30 p. m. and transportation will be available.

90-Degree Temperature

Summer continues in southern Illinois. Yesterday's official high temperature was 90 degrees, Weather Observer Clyde Pittman reported.

About Town And Country

By TIMOTHEUS T.

BITS: Timmo went to the Illinois-Penn State football game Saturday at Champaign and came back with the following jingle about the Illini eleven in that one particular game:
"Two in the line
— And Caroline."

The linemen who stood out were Jan Smid, of course, who usually turned up on the bottom of every play, and Jack Chamblin, the center from Robinson. And J. C. Caroline showed he was all-American the way he gained yardage without too much help.

Saw two former Harrisburg residents — both from Springfield. They were Mrs. Roy C. Dixon, waiting while husband Roy got in line to buy some tickets, and Champ Davis, son of Mr. and Mrs. Wilburn D.

Here's some temporary relief, it looks like:

A portable air conditioner now on the market can cool the interior of an automobile in a matter of seconds, the magazine, "National Petroleum News, reports. The air conditioner, to be used by service stations in the Southwest and Midwest, is equipped with a flexible hose that emits a flood of cold, dry air when inserted in the open window of a car.

To get the full benefit from this poor man's air-conditioner, I suggest that when on a trip, buy your gasoline a gallon at a time.

This is one for our "We Grow 'Em Bigger Dept.": Ervan Johnson, who operated a produce company on West Elm street, brought in a huge sweet potato that he grew at his place on South Washington street.

"It weighs five pounds, seven ounces," he told me. "I weighed it on my scales, then weighed it on Brownie's (up the street a piece) and it weighed five pounds, seven ounces on both of them."

Aside from the fact that the sweet potato is a big one, and real solid, too, we are glad to know that the scales are consistent.

Timotheus has found out that the Church Page feature carried along with the church notes every Saturday in The Daily Register is really an outstanding piece of work. For this religious feature, the Keister Advertising Service, which puts out this "Support the Church" article and copy, has just received the George Washington Medal by the National Awards Jury of Freedoms Foundation, Valley Forge, Pa.

This medal is bestowed for "an outstanding achievement in helping to bring about a better understanding of the American Way of Life."

We are proud to know that we are giving to you the very best in the way of Go-to-Church promotion. If you don't read it, start this Saturday.

I was reading that in Lake Worth, Fla., the city ordered a factory to eliminate a bad odor which had been the source of a neighborhood complaint to the council. The factory manufactures a breath sweetener.

Strike Forces Mandatory KP by Indiana S. Students

TERRE HAUTE, Ind. (CP)—Indiana State Teachers College students, unaccustomed as they may be, begin the pursuit of higher learning this week washing pots and pans, scrubbing floors and changing linen.

And the course on "KP" — for which none of the students signed up — is mandatory for all.

The "must" course was placed on the curriculum Saturday when 100 maintenance employees of Indiana State went on strike.

School authorities faced the decision of postponing freshman orientation week, registration and the opening of classes, or of "permitting" coeds in dormitories to do their own cooking and cleaning and males to tackle the more hearty chores.

They made the latter decision, to the delight of some parents.

Dr. Raleigh Holmstedt, college president, said it was state policy not to recognize unions in state institutions.

BIBLE THOUGHT FOR TODAY
If any man offend not in word,
the same is a perfect man, and
able also to bridle the whole body.
— James 3:2.

If we would count ten before we
speak harshly or censoriously it
might save countless regrets. We
are not fair when we are angry.

Tribe Victory Helps Baseball

Editorial By BRUCE BLOSSAT
Now that the New York Yankees' reign over the American League has ended after five long years, it is fair to have a look at their successors, the Cleveland Indians, and to see how they brought about the dynasty's fall.

There won't be much disagree-
ment that the Cleveland pitching
staff was the greatest single key
to the team's headlong rush to the
pennant. The names "Lemon, Gar-
cia and Wynn" must be etched
deeply on the brain of Yankee
Manager Casey Stengel. They put
the chill of death on all aspiring
batters.

They were Cleveland's strong
boys as they had been in other
seasons, but this time they had
magnificent help. Aging Bob Fel-
lowman gave a sparkling year, and Art
Houtteman gave a real lift to the
Big Three with 15 victories. Two
stout-armed youngsters, Mossi and
Narleski, provided sterling relief,
as did Hal Newhouser, Detroit
cast-off.

Together these fellows kept op-
position batters away from scor-
ing territory so persistently that
some of them forgot the way there.
Cleveland's opponents averaged
less than three runs a game.

The Indian catcher, Jim Hegan,
said it didn't matter whether he
called the right pitch or the wrong
one. His pitchers threw the ball
past the hitters anyway.

With that sturdy rock to tie to,
the Indians developed a superior
winning spirit. With good pitching,
they knew they'd seldom be too
far behind. They never gave up.
They won three fourths of the one-
run decisions they were involved
in, two thirds of the extra-inning
games, and again and again came
from behind to win.

They set a killing pace from the
outset. Morale was high, and the
winning continued despite a suc-
cession of injuries that hobbled one
after another of the key men. Cast-
offs and substitutes filled in and
delivered, sometimes better than
the damaged regulars.

This was not a high-scoring team,
a really heavy-hitting outfit, or a
superb-fielding club. Three, four,
five or six runs most often were all
it got, but they were enough.

The bosses had switched away
from heavy-footed power toward
greater speed and the timely punch,
and it paid off. On a lot of days
the playing roster looked anything
but dazzling. Talent seemed a bit
sparse. But the men in the lineup
had one attractive characteristic:
they could win baseball games.

The Yanks and Chicago White
Sox fought them to a standstill, but
they kept Detroit in pretty fair
submission and absolutely pul-
verized the four second-division teams,
capturing 75 of 88 played with this
competition.

New York, winning more games
than in its five straight champion-
ship years, still showed signs of
decline, mostly in pitching and
around second base. The pace was
just too swift. The old Yankee
habit of refusing to lose finally
rubbed off on their most persistent
pursuers.

There are more Yankee haters
than Yankee lovers, but even the
latter may concede it was time
for a change. The Indians' triumph
is good for baseball. We won't
try to argue that it's good for the
country.

That's His Plan, Folks, Unless---Unless---

DREW PEARSON SAYS:
Benson's New Plane Is For
Paratroopers — Not Pleasure;
U. N. Session Promises To Be
Explosive One.

WASHINGTON. — A network
radio commentator recently chided
Secretary of Agriculture Ezra Ben-
son for buying an airplane that
Secretary of the Interior McKay
decided he didn't want. It looked
as if Benson, according to this ac-
count, was using the plane for
pleasure purposes.

Though Benson has made mis-
takes as secretary of agriculture,
he can't justly be accused of wast-
ing money on himself. Real fact
is that he saved money for the Ag-
riculture Department by buying
this plane.

What happened was that the In-
terior Department's Reclamation
Bureau decided it no longer need-
ed a Lockheed Lodestar, and put
it up for sale through the General
Services Administration which
handles government surplus.

Benson's Agriculture Depart-
ment promptly bought it, not for
hauling VIP's around, but to carry
Forest Service paratroopers who
have to jump from planes to put
out forest fires. To have purchas-
ed the plane outright would have
cost the government around \$100,-
000. But thanks to Benson's trans-
action, it cost only \$17,000 to con-
vert the plane into a "smoke
jumper."

STRONG U. N.
Look for a rocky session of the
U. N. General Assembly. There
are 66 items on the agenda, sev-
eral of them potentially more ex-
plosive than the admission of Red
China to membership.

Among the explosives are:
1. — An Indian motion to protest
the use of the Pacific islands as
an H-bomb testing ground. The
Indians say that since these is-
lands, including Eniwetok and Bi-
kini, are trust territories of the
United Nations, they therefore
cannot be used for the H-tests
which threaten the lives of island-
ers.

2. — A Greek motion to protest
the buildup of Cyprus, a British
island adjacent to Greece, as a
British naval base.

All week the British have been
working backstage, trying to line
up delegates to quash the Greek
motion. The United States will ab-
stain from voting because it in-
volves the rights of small nations
against the strategic needs of ma-
jor powers. On the other hand,

TV APPEARANCE LEADS TO RICHES—Mrs. Margaret Deibel
and her husband, Charles, right, watch volunteers open some of the
80,000 nickel-bearing envelopes they have received at Mt. Pleasant,
Michigan. Deluge of mail is the result of a TV appearance in which
Mrs. Deibel said she was content and not looking for gifts. The MC
suggested the audience throughout the nation send her nickels, just
for fun.
(NEA Telephoto)

getting up a ruling to govern the
federal excise tax on religious
jewelry.

The subject first came up when
a Catholic organization requested
a tax exemption on a pin featur-
ing Catholic symbols. The exemp-
tion was granted, and the bureau
wrote the organization stating that
a pin with similar Catholic sym-
bols would be tax exempt.

This letter, as is customary, was
made part of the public record,
and immediately letters began
pouring in accusing Internal Reve-

The Treasury boys scurried for
cover and are now in the process
of drawing up a ruling that will
exempt all religious jewelry, no
matter what the church.

County WCTU Elects New Vice President

The Saline County Woman's
Christian Temperance Union en-
joyed a good meeting Friday in the
Methodist education building in El-
dorado.

The meeting opened with the
singing of two songs with Mrs.
Frieda Houston at the piano. The
devotion was given by Mrs. John
Viers followed by prayer by Mrs.
Millie Skelton.

Each local president told of the
work their chapter had done this
year. Election of officers was held
and the same officers were re-
elected with the exception of the
vice president, Mrs. George Fowl-
er, who declined. Mrs. Bee Hol-
land of Harrisburg is the new vice
president.

Mrs. Fowler offered the noontide
prayer.
Following a delicious meal the
afternoon session opened with the
new Crusade song. Mrs. Holland
led the devotion followed by a wel-
come message by Mrs. Millie Skel-
ton and response by Mrs. Thelma
Nelson of Texas City.

A playlet, "Mrs. Benson Wakes
Up," was presented by Yvonne
Barnett, Vickie Poole, Mrs. Lela
Trout and Mrs. Pearl Aaron. Mrs.
Robert Melven led in the memorial
service for Mrs. Laura Epperheim-
er, Mrs. Betty Payne, Mrs. Daisy
Prather, Mrs. Minnie Ebertson and
Mrs. Mary Hubbs. The different
members paid tribute to each one
separately as each name was called.

The memorial closed with a
solo, "When They Ring Those Golden
Bells for You and Me," by Jean
Ann Haring, who was accompanied
by her mother.

Mrs. J. K. Whittaker gave "A
Modern Parable" with a good end-
ing.
• Mrs. R. G. Putnam told of her
trip to the national convention at
Lexington, Ky., last week. One of
the mission schools where they vis-
ited was opened 70 years ago. At
that time in the hills the roads
were bad and schools scarce. They
have served the territory well but
now they have good roads and
school buses and the need is not
so great.

Mrs. Putnam also told of visiting
Transylvania college, the home of
Henry Clay, and the narcotic hos-
pital in Lexington.
In telling of the convention she
stated that the outstanding thing
was the large attendance of young
people there from every state.

Solicitude for Baby Backfires on Mother

IRONTON, O. — Mrs. Lela
Sheppard Geswein learned the hard
way how tough it is to keep an in-
fant from waking up.

Rushing to answer the loud-ring-
ing telephone before the sound
could wake her baby, she stumbled
and fell, spraining a toe.

The noise she made woke the
baby.

And it was a wrong number any-
way.

No Separations For Debbie and Eddie, She Says

By ALINE MOSBY

United Press Hollywood Writer
HOLLYWOOD — When Debbie
Reynolds marries Eddie Fisher,
they will live in Hollywood co-star
in pictures, have six children, keep
their marriage private and never
be apart.

Since Debbie met Eddie three
months ago, the details of their
romance have been itemized hourly
by the press for the fans of movies
and television.

Today's chapter comes from
Debbie who, as the fan magazines
say, currently is the picture of
youth love.

The fresh-faced Miss Reynolds
insisted she and Eddie have not
even announced their engagement.
However, she then chattered hap-
pily about "us."

Sank Down in Seat
"Our fans don't mind about us,"
she confided. "Now my fans know
about him and his fans know about
me. When I visited him in New
York they were wonderful. They'd
shout, 'We want Debbie.' One cab
driver looked me over and said,
'You're okay for Eddie.' They love
him in New York, they really do."

"Then when he sang in the Hol-
lywood Bowl last week he looked
toward the front row and said,
'Aw, c'mon, Debbie' and every-
body applauded and, jeppers, I just
sank down in my seat."

Debbie, sipping a bowl of soup
between scenes of MGM's "Hit the
Deck," said she and Eddie have
talked things over and decided it's
"separations" that cause Holly-
wood divorces.

"We'll live in Hollywood," she
declared. "And I'll never let my
career interfere with my marriage.
If it gets to the point where it does,
I'd limit my working."

Came In For Lunch
"I just signed a seven-year con-
tract with MGM. Eddie could
make a picture with me there.
And I can guest on television with
him."

"We fell in love so fast! Why,
right in this restaurant," she said,
with a wave at the Brown Derby.
"We came in for lunch and just
sat like this, grinning at each other
like two idiots. Finally I said,
Eddie, we just can't just sit here
and smile like idiots."

Eddie and Debbie met briefly
months ago but she refused to
date him when he phoned because

"I didn't know anything about
him." After she finally accepted a
date they went out every night
during his six weeks' stay here.
After They Marry

Gossip columnists currently are
squabbling over who introduced
Debbie to Eddie. The scribes also
are busy detailing gifts Eddie show-
ers on Debbie. He gave her a
necklace, a soft drink dispensing
machine and a watch so tiny the
diamonds around it are bigger than
the face. Debbie proudly displayed
today's gift on our luncheon table.
It was a tiny gold boudoir clock
with Eddie's photograph in the
back.

The excited fan magazines even
have switched from endless lay-
outs of Tony and Janet (Curtis
and Leigh) cooing to pictures of
Debbie and Eddie doing ditto. But
after they marry, Debbie insisted,
there'll be no photos of Debbie and
Eddie brushing their teeth.

"We want privacy," she said
firmly.

"But," she added, "If the photog-
raphers want to shoot pictures of
the house when we move in, all
right, and we'd pose for them out-
side the home."

Tuna weighing over 200 pounds
have been caught recently at a
depth of 60 fathoms off the coast
of America, Samoa, by long-line
fishermen. Marlin weighing up-
wards of 1,000 pounds also are be-
ing taken in these waters.

means "by the very fact itself."

Happiest Homecoming of the Year!

The longed-for day has come at last. He has taken delivery of the car of his dreams... he has enjoyed his first wonderful ride behind the wheel... and now—he's coming home!

And what a proud and happy man he is as he turns into that familiar driveway and presses against the horn rim to signal his arrival!

For this—as any Cadillac owner can testify—is a very happy homecoming!

It would be difficult to imagine a more thrilling or a more delightful family gathering than that which heralds the arrival of a new Cadillac. It is a truly memorable and exciting and joy-filled occasion.

And then, there are those admiring friends and neighbors who usually drop by to welcome a new Cadillac to its new home—and to get a personally conducted "tour" of the car from its owner.

But, perhaps best of all, there's the deep personal

thrill that comes to a man when he first contemplates his own Cadillac in his own driveway.

It gives him a genuine sense of satisfaction to realize that he possesses one of the world's most sought-after products—and a feeling of gratitude to know he has been able to provide his family with Cadillac's great comfort and luxury and safety.

Yes, it's a unique and wonderful experience to bring a new Cadillac home.

And we honestly feel that the motorist who is privileged to enjoy this experience in 1954 is in for a very special treat. For the car is now more wonderful to drive... and more beautiful to behold... and more inspiring to own than ever before.

Why not stop in soon—and let us show you what we mean? One hour behind the wheel, and we think you'll be looking forward, with great anticipation, to your own "Cadillac homecoming!"

Harrisburg Woman's Club Has Program On Education

The Harrisburg Woman's club met yesterday afternoon in the newly decorated club room of the public library for the program on "Education."

The president, Mrs. J. L. Miller, presided over the meeting which opened with the song "Bless Be the Tie That Binds" directed by Mrs. Joseph M. Hart, accompanied at the piano by Mrs. N. A. Herrmann.

Mrs. C. R. Moore was hostess for the afternoon and Mrs. L. B. Kimmel served as chairman.

Following a short business meeting Mrs. E. B. Webster presented the meditation on William McGuffey, author of elementary readers, in the 1800's.

Mrs. Virginia Ridenour, music director at the Junior high school, presented her girls' chorus which sang "He Never Said a Mumbling Word," a Negro spiritual and "Whistle, Mary, Whistle."

Mrs. Kimmel then presented Ronald Darnell, a teacher at the Junior high school, who gave "An Exposition of the Common Learning in the Junior High School." The introduced five students, Gary Karnes, Patricia Moore, Ronnie Rauh, Betty Jenkins and Alice Roberts who talked on history, English, spelling, writing and speaking.

Mr. Darnell closed with telling of aids given to children who are slow in learning or who are mal-adjusted and compared the old procedures with the new ones that are now being used.

Mardena Kay Carpenter Hosts At Lawn Party

Little Mardena Kay Carpenter was hostess Sunday afternoon to three little friends from McLeansboro at a party held on the lawn of the Carpenter farm in Raleigh.

The three guests, accompanied by their parents, Mr. and Mrs. Bill Drake Sr., were Cathy, Debby and Bill Drake Jr.

Refreshments of cookies, red soda were served to the three small guests by Mardena, and cookies and Cokes were served to the senior Drakes by the host and hostess, Mr. and Mrs. Thomas D. Carpenter.

The afternoon was spent in comparing recent vacation incidents, the Drakes having spent their July vacation in the North and the Carpenter family having toured the western states in August.

A TV party was planned for a Saturday night in the near future at the Drake home in McLeansboro. At that time everyone will draw names for exchanging gifts at Christmas.

The Daily Register 25c a week

Mr. and Mrs. Ray Newton Honored With Shower

A charivari and household shower was held in honor of Mr. and Mrs. Ray Newton who were married Sept. 5. The event took place at the home of Mr. and Mrs. Allen McCullough of Aden, Ill.

The couple received many lovely and useful gifts.

Refreshments were served to the following: Mr. and Mrs. Clyde Hall, Mr. and Mrs. Harley Gross, Mr. and Mrs. Valoris Meyers, Mr. and Mrs. Cecil Musgrave, Mr. and Mrs. Lloyd Hall, Mr. and Mrs. Earl Allen, Mr. and Mrs. Clarence Lane, Mr. and Mrs. Dain Hall, Mrs. Faye Hall, Mrs. Mary Hall, Mr. and Mrs. Millage Hall, Mr. and Mrs. Raymond Parker, Mr. and Mrs. Willis Davis, Mr. and Mrs. Gib Wilson, Mr. and Mrs. Henry Garrison, Mr. and Mrs. Sylvester Clark, Mr. and Mrs. Frank Clark.

Mr. and Mrs. Ed Thomas, Mr. and Mrs. Arthur Witters, Mr. and Mrs. George Templeman, Mr. and Mrs. Oren Monroe, Mrs. Etta Hall, Mrs. Redman, Wanda and Rella Musgrave, Carl McCullough, Marshall Hall, Vern Rawls, all of Aden, Dora Killman, Raymond Newton, Mr. and Mrs. Bud Randolph, Mr. and Mrs. George New-ton, parents of the bridegroom, all from Eldorado and Harrisburg.

They are now making their home in McLeansboro where the bridegroom is employed as meat cutter at Bracey's store.

Jean Ellen Gulley Has Party on Fifth Birthday

The fifth birthday of Jean Ellen Gulley, daughter of Mr. and Mrs. Harold Gulley, was celebrated with a party at her home, 1028 Longley street, Saturday at 9:30 a. m.

The children played with gaily colored balloons until 10 a. m. when they watched television.

Following the opening of many nice gifts, refreshments of birthday cake and ice cream were served.

Brenda Armstrong and Bobby Pellan won game prizes. Present were Vickie and Judy Hale, Janice Sue Stricklin, Linda and Margie Smock, Jimmie and Jackie Fulkerson, Jack and Roy Simpson, Kenny Art O'Neil, Bobby and Barbara Pellan, Billy Boyd, Brenda and David Armstrong, Donald Earl Gulley, Kenny Dale Fulkerson, Danny and Jo Carol Gulley.

Mothers present were Mrs. Ann Romonosky, Mrs. Marian Hale, Bonnie Fulkerson, Mrs. Nina Armstrong, Mrs. Virgie Simpson, Mrs. Helen Gulley and Mrs. Wilma Gulley.

Atty. Scerial Thompson Weds Mrs. Jane Spott, St. Louis, Mo., Nurse

Announcement is being made of the marriage of Mrs. Jane Spott, St. Louis, Mo., daughter of Col. and Mrs. W. L. Bouchard of Flat River, Mo., and Attorney Scerial Thompson of Harrisburg.

The simple wedding ceremony took place yesterday afternoon in the law offices of Attorney Marion Rice in Evansville, Ind.

They were accompanied by Mr. and Mrs. A. D. Thompson and son, Tom, of Harrisburg.

The bride is a graduate of the Jewish hospital School of Nursing in St. Louis, Mo., and received a bachelor of science degree from Washington university. Mr. Thompson, a past state president of the Illinois Historical Society, is a prominent Harrisburg attorney.

After a wedding trip to New Orleans, La., the couple will reside at his home, 415 North Granger.

Calendar of Meetings

The women of the Methodist church will meet with the Presbyterian women in the lower rooms of the church Wednesday at 10 a. m. Miss Olive Dean will give a book review and a luncheon will be served at 12 noon. Sandwiches, salad and dessert will be served by the different circles, and coffee furnished by the hostess circle.

Members of the W. S. C. S. of the Methodist church are to meet with the Presbyterian women for a study class in the lower rooms of the Presbyterian church Wednesday from 10 a. m. to 3 p. m. The subject, "Under Three Flags," will be taught by Miss Olive Dean. Each member is asked to bring sandwiches, salad or dessert, and pencil and paper. Everyone is invited.

The senior choir of the Mt. Pleasant Baptist church will have a fish fry Wednesday beginning at 4 p. m. in the church basement. The public is invited.

Effingham Man Overcome in Well By Dynamite Fumes

EFFINGHAM, Ill. — Grover Hutson, 59, was in fair condition at a hospital here today after being overcome by dynamite fumes while deepening a well Monday.

Hutson also escaped injury when an ambulance carrying him to the hospital was hit by a car at an intersection here.

Hutson and Haven Burke Jr., set off dynamite to deepen a well at Mason, 12 miles south of here. The Effingham man waited until he thought it was safe to go down in the well but was overcome by fumes. Burke pulled Hutson from the well and called the Effingham fire department rescue squad and an ambulance.

The ambulance was en route to the hospital when a car driven by Tom Kirk, Effingham, hit it at an intersection cleared by police. There were no serious injuries.

Seasons are caused by the fact that the axis of the earth is not perpendicular to the rays of the sun.

14-Year-Old Girl Believed Youngest Mother of Twins

NEW YORK (AP)—Fourteen-year-old Beatrice Pierce, believed to be the youngest mother of twins in the city's history, rested in New York Hospital today while her 21-year-old husband hunted for an apartment to house his suddenly expanded family.

Beatrice married her husband, Arthur, early this year, gave birth to the twin daughters last Friday. But doctors kept mum about the blessed event until Monday.

The babies, weighing a grand total of 14 pounds, 4 ounces, were born within 10 minutes of each other, doctors said, and promptly were named Beatrice Marie and Denise Elizabeth. They're doing fine, a hospital spokesman said.

Records at the Health Department are not clear about the ages of mothers who have had twins in the past, but long-memoried officials said Beatrice was the youngest they had heard of.

The father, who works as a \$46-a-week mailing clerk in Teterboro, N. J., said he was looking for a job that pays more money and wants an apartment, too.

Until he finds one, the family will continue to live with his mother, Mrs. Elizabeth Pierce.

Concert Association Expresses Thanks

The Harrisburg Community Concert association wishes to thank Charlie Gaskins for the use of his building for headquarters during the membership drive. His name was unintentionally omitted from the community concert article praising others for their cooperation.

Mr. and Mrs. D. H. Hiller accompanied Mrs. Gretl Waldapfel, Columbia representative for community concerts, to Cincinnati, O., by plane Sunday afternoon. Mrs. Waldapfel went from Cincinnati to Washington court house, Ohio, to help in the community concert campaign conducted there this week. Mr. and Mrs. Hiller visited overnight with friends in Dayton, Ohio, returning by plane to Evansville, Ind., Monday afternoon.

First recorded instance of white men reaching Japan was in 1543.

Galileo discovered the law of the vibration of the pendulum in 1582.

Hospital Notes

Harrisburg Hospital Admitted: Mrs. Pat Shelton, 1018 Dorris. Mrs. Grace Sammon, Eldorado. Mrs. Albert Martinko, Eldorado.

List 12 Towns With Water Shortages

SPRINGFIELD, Mo. — Twelve Illinois towns were listed today as suffering "critical" or "near critical" water shortages.

A weekly report by the State Health Department said Assumption, Beecher City, Brownstown, Eldorado, Elkville, Greenfield, Jerseyville, Kincaid, Mulberry Grove, Paris, Teutopolis and Wil-lamsville have supplies adequate for only 60 days or less.

Nashville was the only town removed from last week's list, even though the report said rains of 1 to 4 inches Sept. 20-21 "considerably improved" the water situation in many southern areas.

Births

To Mr. and Mrs. Charles Grisham, Harrisburg, a boy named Gerald Keith, born Sept. 24 at the Harrisburg hospital. Mrs. Grisham is the former Miss Sally Dwyer.

Do FALSE TEETH Rock, Slide or Slip?

FASTTEETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. No gummy, rosey, pasty taste or redline. FAST-TEETH is alkaline (non-acid). Does not sour. Checks "plate odor" (denture breath). Get FASTTEETH at any drug counter.

"Man old at 50 or 60" You're Crazy! Pep Up

Thousands are peppy at 70! So if you feel weak, low in energy, "old" at 40, 50 or 60, quit blaming it on age. If you want to feel younger, try Oxtex Tonic Tablets at once. For debility due just to rundown body's lack of iron, the "belong-par" helps you really call "being old." Tons pep in both sexes. Try Oxtex to feel peppy, years younger, today. "Get-acquainted" size 50¢. At all druggists.

Eisenhower, Benson Urge Railroads to Cut Rates on Hay

DENVER (UP)—President Eisen- hower and Secretary of Agriculture Ezra T. Benson joined today in an appeal to the nation's railroads to help ease drought suffering by cut- ting freight rates on hay shipments into stricken areas.

Benson conferred here Monday with the President and reported drought conditions in 700 counties of 15 states. The request to the railroads followed shortly.

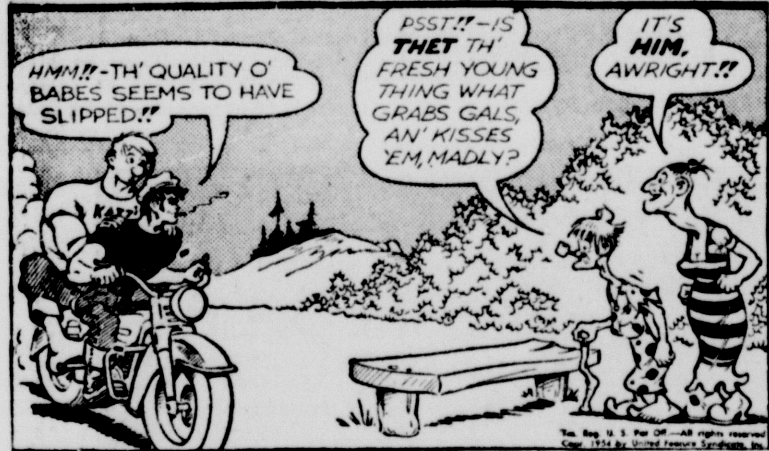

The request for lower freight rates in drought areas followed a pattern of last year when the car- riers reduced rates for both hay and grain by 50 per cent.

The White House pointed out after Benson's report that the number of counties suffering from drought this year was almost double the 1953 total, but that drought condi- tions were generally less intense than last year.

The agriculture secretary point- ed at the same time to the fact that some areas are suffering their third and fourth successive years of drought.

Australia Hits U. S. Plan to Sell Surplus Food Abroad

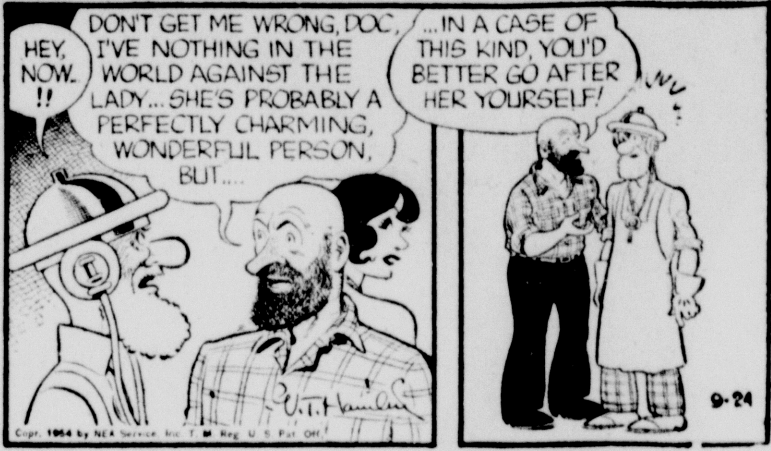

WASHINGTON (AP)—The Eisen- hower administration's plan to sell surplus farm products abroad is causing strained relations with Australia, a leading Pacific ally.

Most Senators Decline to Make Stand on Censure; Dirksen Opposes Report

WASHINGTON — The report of a special Senate committee recommending censure of Sen. Joseph R. McCarthy on two counts touched off a new public debate today on the controversial Wisconsin Republican.

While many of McCarthy's Senate colleagues declined to take an immediate stand on the censure report, the comment that was forthcoming indicated a bitter floor battle when the Senate meets to take up the issue Nov. 8.

The report said McCarthy should be censured on charges of contempt of the Senate and abuse of Brig. Gen. Ralph W. Zwicker during a hearing on the "Peress case."

At least two senators—Theodore Francis Green (D-R.I.) and A. Willis Robertson (D-Va.)—said their present disposition is to vote for censure. Two others—Frank A. Barrett (R-Wyo.) and Everett M. Dirksen (R-Ill.)—indicated they would oppose the committee report.

Senate Leaders Quiet

Among the non-committal were the two Senate leaders, Sens. William F. Knowland (R-Calif.) and Lyndon B. Johnson (D-Tex.). The Democratic National Committee likewise withheld comment.

Sen. Walter F. George (D-Ga.), a powerful and respected figure in the Senate, said in Atlanta he feels "reasonably sure" the Senate will back up the committee although he said he did not want to prejudice the issue. He would not say now how he will vote.

Zwicker said at Chicago that he "naturally" was pleased with the committee's recommendations as far as they concerned him.

Sen. Ralph E. Flanders (R-Vt.), who leveled the original censure charges against McCarthy, was "very well pleased."

Other comment:

Robertson: The committee did a "workmanlike job." He will "consider carefully" any argument on the Senate floor but the evidence "seems to show incontrovertibly that the senator from Wisconsin adopted a contemptuous, contumacious attitude toward a duly constituted committee of the Senate without reason or justification and was thereby obstructive to legislative process."

Dirksen: The Zwicker incident "in my judgment was a case of irritation born of provocation that would not merit censure action." It is "very doubtful" that McCarthy's failure to appear before the Elections subcommittee "would warrant censure."

Sen. Edward J. Thye (R-Minn.): "I have confidence in the committee's recommendations carries a great deal of weight. I feel it would be improper to comment further."

Sen. Karl E. Mundt (R-S. D.), chairman of the Army-McCarthy hearings: "I want to read the full report" before commenting.

Sen. Stuart Symington (D-Mo.), who clashed repeatedly with McCarthy during the Army-McCarthy hearings: "No comment."

Rep. Harold Velde (R-Ill.), chairman of the House Un-American Activities Committee: Was "disappointed that any censure whatsoever was suggested by the committee. While Sen. McCarthy has made some mistakes, he has been one of the leading influences in the country in the battle against communism and subversion."

Soviet Uranium Mine Disasters Boost Refugees

WASHINGTON — The State Department reports that an outbreak of disasters in the uranium mines of Red-controlled East Germany has helped spur a growing flood of refugees into the Western sector.

The department made the disclosure Monday in a "review" of the German refugee situation. The report gave no additional details on the mine accidents. But it is known that the Communists are pushing uranium output in an effort to outstrip the West in the atomic arms race.

Jesse C. Johnson, head of the Atomic Energy Commission's raw materials division, said last week Soviet uranium production is an "unknown." But he said there is "little chance" it matches that of the free world despite frantic Red use of "slave labor."

Diplomatic officials said refugee workmen reported that uranium mining is being pushed so hard by the Communists that many mines were caving in, presumably because of inadequate bracing and the lack of other safety precautions.

These workmen were quoted as saying people were afraid to go into the mines because of continuing disasters. There was no indication what this attitude plus the defection of workmen to the West was having on Red uranium output.

The State Department said Dr. James B. Conant, U. S. high commissioner for Germany, reported that about 20,000 East Germans come West every month.

CANDIDATES FOR MISS CULVER-STOCKTON—Miss Jane Rice, daughter of Mr. and Mrs. O. D. Rice, Harrisburg, a candidate for "Miss Culver-Stockton" is shown with the other candidates holding the queen's cloak which one of the girls will wear to reign over the homecoming dance, Oct. 9, at Culver-Stockton college in Canton, Mo. The girls are left to right, Jane Rice, Harrisburg, Springfield, Pat Clark, Kokomo, Mo., Virginia Vest, St. Louis, Mo., Fran Meyer, Elmwood Park, Betty Shaw, St. Louis, Mo., Dixie Haines, Arlington, Va., and Charlene Gleasner, Chicago. Ralph Marterie and his orchestra will play for the dance.

Angry Mothers Picket School In West Virginia

FAIRMONT, W. Va. — Angry mothers sent teachers at the Annabelle grade school near here home for the second straight day today in protest against the admission of 13 Negro students.

Marion County Circuit Judge J. Harper Meredith, terming the parents' action a "rebellion against the government," issued an injunction against the picketing in the tiny mining community of Four States.

School officials had promised that classes for the 178 pupils in the school would be held today, but no law enforcement officers were on duty when the group of women appeared.

"There would have been trouble if the teachers had gotten off the school bus," a witness said. "Those women were mad."

The Marion County Parent Teachers Council at a meeting Monday night voted to support legal action to stop picketing at the school where parents of about 60 children have kept them home since the school opened three weeks ago. Previous picketing had ended about a week ago.

Hollingsworth Sympathizes with McCarthy's Motives

CHICAGO — Morton H. Hollingsworth, Republican state chairman for Illinois, says he is sorry a Senate committee did not give Sen. Joseph R. McCarthy "a clean bill of health."

"There is no doubt that Sen. McCarthy has stepped on some toes, but ... I sympathize with the senator's motives," Hollingsworth said.

"Personally I hope now they will quit investigating investigators and get back to the business of investigating Communists in government," he added.

"C" Bn., Bridge Platoon, APO 7, Care Postmaster, San Francisco, Calif.

UN Awaits Major Address By Vishinsky

UNITED NATIONS, N. Y. (AP)—Russia's Andrei Y. Vishinsky was expected to deliver a major United Nations speech this week "conciliatory in tone" toward the West, informed sources said today.

The Soviet diplomat, who repeatedly has attacked the United States and its allies, probably will address the United Nations General Assembly Wednesday afternoon or Thursday.

U. N. diplomats waited with interest Vishinsky's statements on President Eisenhower's "atoms-for-peace" plan and disarmament. The Soviets' unswerving attitude on the disarmament question wrecked last spring's big power talks in London.

Vishinsky appeared eager to discuss—in the U. N.—the President's plan for using atomic energy for peaceful purposes. He has insisted that Russia did not break off private talks with the United States on the project and, indeed, has said that the Kremlin is willing to continue the talks.

But he also made clear that the Kremlin's price for participation in the plan remains unchanged: Unconditional and unsafeguarded prospect of prohibition of all weapons of mass destruction.

Prospects now were that the assembly's 49-nation main political committee would begin debate on the Eisenhower plan next week. Speakers were inscribed for the assembly's general—or policy—debate for every day this week.

The bottom of your glass coffee-maker will be easier to wash if it's coated with soap before "coffee-making" time. Soot and soap will wash off together.

Nixon Praises Report by Censure Group

LOWELL, Mass. (AP)—Vice President Richard M. Nixon said today the McCarthy censure committee conducted hearings "in a very admirable fashion" and its report will carry "great weight in the Senate."

Nixon made his remarks at a press conference at nearby Bedford Airport where he landed for a whirlwind visit of Massachusetts.

Nixon said it was "a matter of simple justice" to convene the Senate after the Nov. 2 election to vote on the select committee's recommendations that Sen. Joseph R. McCarthy (R-Wis.) be censured.

He said committee members were chosen because they were not candidates for re-election this year and therefore "would not be under political pressure."

"I believe the session held after election day will reach a calm, judicial decision," he said.

Nixon said he expected "a hard fight" in the November elections, but administration supporters realized this and "there is no better medicine than knowing that you have a fight on your hands."

Nixon said the results of the Maine election, where a Democrat was elected governor for the first time in 20 years, were not significant nationally.

"Maine results no longer indicate any trend," he said.

The world's largest collection of pedigreed yeast is in the Southern Illinois university biological research laboratory.

Final AFL Blast Hits Eisenhower, Sen. McCarthy

LOS ANGELES (AP)—Delegates to the 73rd convention of the American Federation of Labor headed home today after leveling another blast at the Eisenhower administration and denouncing Sen. Joseph R. McCarthy for conduct "unworthy of the American tradition."

In a final resolution, delegates to the seven-day meeting called on the administration to promote new economic activity, and took another slap at Labor Secretary James Mitchell for wrongly minimizing the nation's present level of unemployment.

AFL President George Meany and other top officers were re-elected by the delegates in a move considered to be an endorsement of the union's official hostility to the Republicans in Washington.

Meany and his co-officials set the stage for the union's strong anti-administration stand in a pre-convention report condemning the GOP for both its national and international policies.

In a resolution coinciding with the censure recommendation by the Senate, the delegates declared that McCarthy (R-Wis.) had consistently voted against labor and in general had shown himself to be "unworthy of the American tradition."

The union's political arm, the League for Political Education, called on AFL members to elect another Congress in November, warning that "liberal" lawmakers

India Flood Sweeps Train Into River; 22 Dead, 35 Missing

HYDERABAD, India (AP)—At least 22 persons were killed, 35 were missing and 45 were injured Monday night when part of a crowded passenger train was swept into the Alerr River by torrential flood waters.

The missing included 27 soldiers who were passengers aboard the train. Rescue workers said they feared the missing may have been swept away by the roaring river.

The leading coaches of the seven-car train were caught by the flood, easily be voted into the House, but that "we cannot be over-optimistic about the Senate."

flood waters and rolled into the river.

Railway authorities said more than 600 persons were crowded on the train at the time.

Polite Pistol

INDIANAPOLIS, Ind. (AP)—"This man was ahead of me," a woman politely told a drug store clerk as she waited beside another customer for service.

"No, you go ahead," the man said.

The woman thanked him, made her purchase, and left.

The store clerk, the man drew a pistol and told the clerk: "I'll take your money." He did.

Pile Clinic's Ointment Discovery

Means Most Pile Victims Can
Put Off Surgery Indefinitely

Not a "theoretical" drug; not just a modified skin salve! This formula is the result of both medical and surgical study of more than 75,000 cases, observed in Thornton Minor Hospital's specialized pile clinic. Appraised by Thornton Minor medical staff, whose experience has shown how and under what conditions piles can be reduced safely by non-surgical means—and the right way to use a non-surgical pile-shrinking ointment. Don't take chances on piles; if you seek to reduce them by non-surgical methods, then use clinic-developed, hospital-approved Thornton Minor Ointment. Ask for Thornton Minor hospital pile ointment or suppositories, \$1.00 at your druggist's, today.

New super-refined gasoline solves today's No.1 engine problem!

Now—Gulf refines out the "dirty-burning tail-end" of gasoline—the No. 1 troublemaker in high-compression engines. Result: a cleaner-burning super-fuel that gives you thousands of extra miles of full engine power... free from knock or pre-ignition.

Starting with your first tankful this new super-refined, super-powered fuel will give you these immediate and lasting benefits:

- ▶ **More complete engine protection** than the so-called "miracle-additive" gasolines. Why? Because Gulf refines out the No. 1 troublemaker in gasoline (the "dirty-burning tail-end") and then treats this new Super-Refined NO-NOX to give it a complete range of protective properties. It protects every part it touches against harmful deposits—carbon, rust, gum.
- ▶ **Extra gas mileage.** Why? Because new NO-NOX is specially blended for the short-

trip, stop-and-go driving motorists do most.

- ▶ **No knock, no pre-ignition**—even in today's super-compression engines. Why? Because the anti-knock power of new NO-NOX has been stepped up to an all-time high.

- ▶ **Stall-proof smoothness**—no more worries about carburetor icing in chilly weather, or vapor lock on warm days. Instant starts, too—and fast, fuel-saving warm-up.

That's why new Super-Refined Gulf NO-NOX gives you more power-with-protection than you've ever known.

Road tests show: new No-NOX actually makes cars perform better than new... even after 15,000 miles!

TRUE! After 15,000 miles per car—covering all conditions—Gulf test cars showed: Higher-than-new horsepower! Better-than-new on gasoline mileage! And not a single trace of carbon knock or pre-ignition at any time—even on the steepest mountain grades!

**COMPLETELY NEW! SUPER-REFINED
THE HIGH-EFFICIENCY GASOLINE**

New Gulf No-NOX

Looking AT Sports

By BILL MELTON

Baseball's greatest thrill — and the top ambition of every ball player — is participation in the World Series.

Walter Johnson pitched in the major leagues for 17 years before he played in a World Series — while Joe DiMaggio appeared in a World Series in his first year as a major leaguer.

The Sporting News Sport Quiz is all World Series this week — with the Giants and the Indians fighting for the championship — and the national baseball weekly bringing fans its greatest issue of the year.

Here is how you play the game: You get four guesses. If you're right on the first, you score ten points. Five points for a correct second pick, three for a third and one for a fourth choice.

1. In 1929 the Chicago Cubs and Philadelphia Athletics met for the championship. With the series standing at one game for the Cubs and two for the A's, the clubs went into the last half of the seventh inning at Philadelphia with the Cubs leading, 8 to 0. What was the final score and which team was the winner?

- () Cubs 8-6
- () A's 9-3
- () Cubs 10-8
- () A's 10-8
- () Cubs 8-7
- () A's 11-8

2. When a player lines into a double play he usually feels he got "good wood" on the ball, but unfortunately found a fielder was in the path. But when he grounds into a double play — and three times in a game in a World Series, that's an even story. What player in the current World Series holds the record for grounding into double plays in a game?

- () Avila
- () Mays
- () Hegan
- () Wertz
- () Lockman
- () Westrum

3. Babe Ruth holds a number of World Series marks. He batted 300 or over in six classics, for a record, had the highest batting average in a four-game series (.325 in 1928). But can you name the player who holds the record for most series leading his club in batting average?

- () Baker
- () DiMaggio
- () Herzog
- () McLean
- () Robertson
- () Ruth

4. What pitcher has won the most World Series games?

- () Reynolds
- () Ruffing
- () Gomez
- () Hoyt
- () Bender
- () Coombs

5. Joe Cronin was 27 years of age when he managed the Washington Senators in the 1933 World Series — being the youngest manager of a World Series team. But can you name the youngest manager of a World Series Championship club?

- () Lou Boudreau
- () Charlie Grimm
- () Leo Durocher
- () Bucky Harris

Answers in this column Wednesday.

The 1954 fall sports dope book from Southern Illinois university indicates there are no Saline county boys on the football squad, but the roster of cross country candidates lists two from Saline — one from Harrisburg and one from Galatia.

Sam DeNeal, sophomore track letterman, who carried the HTHS colors to victory in the 440-yard dash and has repeated for Southern, is considered a strong candidate for the hill-and-dale sport and Bob Orto, standout athlete at Galatia high the past three years, is one of ten freshmen showing promise.

Salukis to Open Conference Play Saturday Night

CARBONDALE, Ill. — Southern Illinois university opens Intercollegiate Athletic Conference play Saturday night against Illinois Normal in McAndrew Stadium here.

The Salukis were edged, 7-6, by Southeast Missouri last weekend in a non-conference season opener while Normal was trimmed by Bradley, 34-13.

Southern showed a stout line in the opener and is expected to throw a stiff defense at veteran Normal backs. Marion Rushing, freshman end from Pinckneyville, subbed for injured Wayne Williams and turned in an outstanding performance for 60 minutes in his first college game.

The SIU line will have to stop the passing of Wes Bair, ace Redbird quarterback, who passed Normal to a 27-20 win over SIU last season.

Coach Bill O'Brien was impressed with the play of Bob Ems, junior fullback just back from military service. Ems picked up 21 yards in six carries despite seeing limited action because of a leg injury.

General George Washington, on Jan. 14, 1776, initiated re-enlistment furloughs in an effort to help re-enlistments and recruiting. This policy has continued in the Army to this day.

Spraying or dusting to protect cucumbers and related garden plants from cucumber beetles should begin as soon as the seeds germinate.

The longest canal in the world for seagoing ships is the Suez connecting the Mediterranean and the Red Seas.

SAFETY FIRST—Wyoming football players make use of the ultimate in protection during practice. Mouthpiece in place, Guard Bob Taylor wears gear reminiscent of a baseball backstop. (NEA)

Penalties Hurt As Bull Pups Lose at Marion

The Marion freshman-sophomore football team downed the Harrisburg Bull Pups, 18 to 13, at Marion last night in a game in which penalties hurt the local attack.

Time after time an offside penalty bogged down the Pups. Once Bobby Clark ran 40 yards to score but the play was called back by an offside call.

Marion's best offensive weapon was the optional run-or-pass on the part of the quarterback.

Harrisburg scored in the third and fourth quarters. First tally came on a two-yard smash by Clark after Trevor Whiteside had made a long run to the two. Second was on a 10-yard pass, Whiteside to Donald Biggs.

Coach Jim McKee started Bill Henshaw and Bennie Fulkerson at ends, Ray Hassett and Dick Drue at tackles, Ronnie Vick and Lou Williams at guards, Colin Eddy at center, Jim Cummins at quarterback, Charles Cummins and Bob Clark at fullback.

Substitutes were Melvin Hicks at end, Jimmy Lambert at center, Gary Aldridge and Donald Biggs at halfbacks, Bob Shewmake as linebacker, Trevor Whiteside at halfback and Eddie Price at fullback.

Next Bull Pup game will be at Eldorado Monday night. The Pups beat the Eaglets, 19 to 2, in a previous tilt.

New Gate at Taylor Field Will Be Ready For Game Friday Night

A gate on Capital street at the southwest corner of Taylor Field will be constructed by the time of the Eldorado-Harrisburg game Friday night. HTHS Principal Raymond L. Foster announced today.

This means that both entrance and exit can be made by patrons through this gate and will alleviate much of the congestion at the north end of the field, where the one and only gate is now located.

Herman Boatright is constructing the gate. Part of the land bought recently by the HTHS Athletic Association west of Taylor Field already has been converted into parking space.

MODESTY PERSONIFIED—With an "Oh, it was nothing" expression, the Giants' Willie Mays, right, accepts the congratulations of the Dodgers' Jackie Robinson. (NEA)

Lemon and Maglie Named Starting Series Hurlers; Antonelli, Wynn in Second

NEW YORK — Bob Lemon was named today by Manager Al Lopez to pitch for the Cleveland Indians and Sal Maglie was named by Manager Leo Durocher to pitch for the New York Giants in the opening game of the World Series at the Polo Grounds Wednesday.

Lemon, a former third baseman who is now considered one of baseball's outstanding pitchers, won 23 games while losing only seven. He is essentially a sinkerball pitcher.

Maglie, regarded as the Giants' number one "clutch pitcher," compiled a 14-6 record this year, registering his last victory by beating Brooklyn last Monday night for the pennant clincher.

Wynn and Antonelli in Second
Immediately after the opening-game pitchers were named at the Polo Grounds, where both teams participated in light batting and fly-chasing drills today, Durocher announced that southpaw Johnny Antonelli, a 21-game winner, would pitch the second game for the Giants Thursday.

Lopez countered by naming knuckleballer Early Wynn to oppose Antonelli. Wynn won 23 games this season, pitching a no-hitter for eight innings Saturday against Detroit before yielding two hits in the ninth.

Durocher said he wasn't sure whether he would start Monte Irvin or Jim (Dusty) Rhodes in left field for the first game. Irvin's batting average fell off to .262 while Rhodes distinguished himself in fill-in and pinch hitting roles.

Aside from the possible switch to Rhodes in left field, there were no surprises in the announced batting orders of either team.

When the scene shifts to Cleveland's Municipal Stadium for the third game on Friday, righthanders Ruben Gomez (17-9) of the Giants and Mike Garcia (19-8) of the Indians probably will be the hurling rivals.

Lopez Sounds Warning
The Indians underwent a drill Monday at Cleveland and at the end were warned by Lopez that, "this is going to be a tough series and it could go to the limit of seven games."

But odds-makers continued to make the Indians the solid favorites. In addition to the 17-10 odds favoring them to win the series, the odds-makers also made the Tribe 6-5 favorites to win the opening game. They quoted 10-1 odds on the Indians sweeping the first four games, 20-1 on the Giants doing the same thing.

"It doesn't look that way to me," insisted Lopez when informed of the odds.

The Indians' favoritism was based on their brilliant pitching staff, led by the "big three" of Lemon, Wynn, and Garcia, and backed up by such famed veterans as Bob Feller and Art Houtteman and such brilliant rookies as Ray Narleski and Don Mossi. In addition, the Indians smashed the five-year reign of the New York Yankees as American league champions by winning 111 games — breaking the league record of 110 wins by the 1927 Yankee team that included Babe Ruth.

On the other hand, Giant fans point out that the Indians and Giants played each other 21 times this year during spring training — and that the Giants won 13 of these games.

This year's series will be carried by television to every state in the nation. In addition, it will be carried by 753 radio stations in the United States, 100 in 14 Latin American countries, 79 in Canada, four in Alaska, and two in Hawaii.

Illinois Grid Snapshots

SPRINGFIELD — Snapshots from the Illinois prep football scene:

Deflected passes figured in both Mount Carmel scoring plays as the Golden Aces eked out a 14-13 win over Fairfield's Mites. Jack Brown fired a pass into the Fairfield end zone late in the second quarter. Fairfield defenders batted the ball toward the ground, but Mount Carmel end Rod Lovellette snatched the piskin just above the sod for a score. A few minutes later Brown tallied six points when he caught another Golden Ace pass in the end zone after the ball had bounced off a Fairfield man's hands.

Bob Brassfield, Taylorville's mighty mite, has hit the 40-point scoring mark in only two games. The 139-pound halfback tallied 26 against Springfield Cathedral last weekend and 23 against Decatur St. Teresa the week before. Brassfield tossed a pass to Rich Vaughan on another scoring play that covered 65 yards in the Cathedral game.

Dean Smith of Joy almost matched Brassfield's two — game output in a single performance, however. Smith was the whole show when he scored seven touchdowns and four extra points for a total of 46 points as Joy's eighth-man team smothered Media 58-6.

The scoreboard once showed the unusual score of 3-2 in the Rockford St. Thomas — Marengo clash. Quarterback Jay Laudicina scored a 16-yard field goal for St. Thomas, then Marengo registered two points on a safety. St. Thomas wound up on top 16-8.

Statistics department — West Frankfort whipped Johnston City 12-4 in first downs and moved 175 yards to J-C's 79, but lost nevertheless 19-6. Two fumbles and two intercepted passes helped slow down West Frankfort's attack, one interception resulting immediately in a Johnston City touchdown.

Tuscola got 12 first downs to Unity's five and outgained the Rockets 181 yards to 104. Yet Unity won 12-6 to snap Tuscola's 16-game streak of victories.

Bloomington Trinity recorded 15 first downs to nine for Pontiac and gained 229 yards rushing to 172 for the Indians, but lost 13-0. It was Trinity's first loss in 20 games.

Halfback John Perry of Dixon reeled off one of the longest runs of the young season, a 92-yard kickoff return for a touchdown against Rockford West. But the Dukes lost 12-6.

Radio announcers must have had a nightmare when La Salle-Peru met Peru St. Bede. Some of the players who got into the lineup included Wiecezorek, Ryarczyk, Potocinski, Sobkowak, Wibralski, Stachowiak, and Zdanowicz. It was a nightmare for St. Bede, too — the Bedans were slaughtered 63-0.

Halfback Ray Jauch played a stellar role in Mendota's 26-0 triumph over Hall — the first loss the Spring Valley team has suffered in two seasons. Jauch scored twice from inside Hall's 20, recording a third TD on a 71-yard run, snatching a Hall pass, and converted twice.

Irish Rated Top Grid Team By UP Board

Oklahoma Voted
In Second Place,
Iowa in Third

NEW YORK — Notre Dame, which indicated last weekend that it should be as formidable as ever under the guidance of its new young coach, topped the first weekly 1954 college football ratings of the United Press Board of Coaches today.

Oklahoma was second and Iowa third in the rankings of the 35 leading coaches who comprise the United Press Board.

Following Iowa among the top 10 teams were UCLA, Wisconsin, Maryland, Duke, Southern California, Penn State and Mississippi, in that order.

The Fighting Irish, who presented 26-year old Terry Brennan, their new coach, with an impressive 21-0 victory over Texas in their season debut, were the first-place choice of 22 coaches. With points distributed on the basis of 10 for a first place vote, nine for a second and so on down to one for a 10th place ballot, Notre Dame received 333 out of a possible total of 350 points.

Irish Meet Purdue
Notre Dame, ranked second to Maryland last year under now-retired Coach Frank Leahy, resumes its quest for the 1954 national championship next Saturday against Purdue.

Oklahoma, 21-16 conqueror of Texas Christian for its second triumph of the season, attracted eight first place votes and 284 points, Iowa, which paraded its power before a nationwide television audience in beating Michigan State, 14-10, had two first place ballots and 217 points. Oklahoma ranked fifth in the final 1953 ratings and the Hawkeyes 10th.

UCLA, rated fourth this week; Duke, ranked seventh, and Texas Tech, which was 12th, each received one first place vote in this week's ratings.

The top 10 teams were comprised of three each from the Midwest and South, two from the Pacific Coast Conference, and one each from the East and the Midlands. Points were distributed as follows: UCLA 184, Wisconsin 147, Maryland 121, Duke 107, Southern California 90, Penn State 73 and Mississippi 57.

Upset Ranks Penn State
Oklahoma, UCLA, Southern California and Mississippi have won two games each; the other teams have one victory each.

Penn State, rated an "outsider" before the start of the season, barged into the top 10 after its 14-12 upset victory over Illinois. Maryland, the top team of 1953, was idle last weekend, having opened its '54 season the week before with a victory over Kentucky.

Ohio State topped the second 10 teams, followed in order by Texas Tech, Baylor, Purdue, South Carolina and Texas. Florida and Rice were tied for 17th place, with California 19th and Texas Christian 20th.

Others among the 31 teams that received points this week were: Michigan State, Michigan, Northwestern, Tennessee, Minnesota, Stanford, Colorado, West Virginia, Arizona, Navy and Yale.

Dressen, New Manager, is Given Free Rein to Rebuild Senators

NEW YORK — Charley Dressen, who has been given a "free rein" in player deals in his new job as manager of the sixth-place Washington Senators, cheerfully insisted today that he has the "nucleus of a really good ball club."

And one way he may build around that nucleus, he indicated, would be to bring to the Senators some of the star minor league players he managed this season at Oakland in the Pacific Coast League.

Dressen apparently has two years to rebuild the Senators, because that's the length of the contract he was given Monday when he was named to succeed Bucky Harris as the Senators' skipper. Although terms of the contract weren't disclosed, it's believed he will receive a salary of \$35,000 per year.

Dressen, not a complete stranger to the American League because he once served as a coach on the New York Yankees under Harris, said he plans an early conference with Senators owner Clark Griffith about ways and means of rebuilding the team.

Understanding on Players
Chipper Charley refused to say which Oakland players he was thinking of purchasing for the Senators. But only three days ago he talked with the Oakland player whom he considered most likely to succeed in the major leagues: Pitcher Don Ferrarese, who won 18 games and lost 15 for Oakland this season, compiling a 3.74 earned run average, and striking out 184 batters.

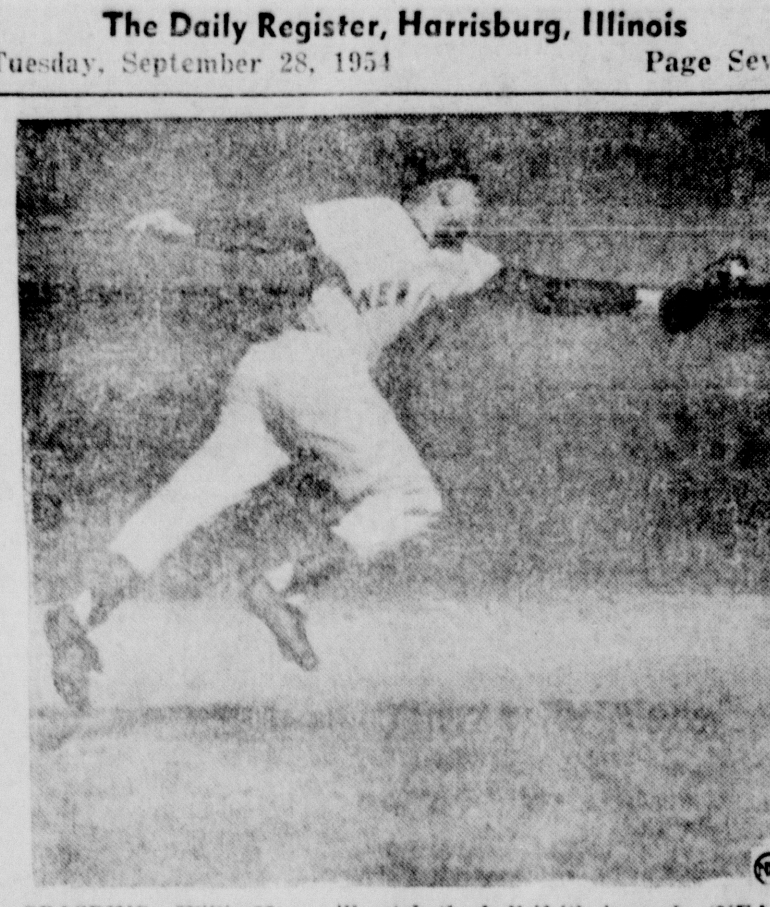

Calvin Griffith, vice-president of the Senators who announced Dressen's appointment here Monday, emphasized that "nothing will be done in the way of players unless Charley agrees to it — there's a perfect understanding about that."

The 56-year-old Dressen thus received from the Senators the long-term contract that was denied to him by the Brooklyn Dodgers in the fall of 1953. After managing the Dodgers to successive National League pennants in 1952 and 1953, Dressen asked for a two or three year contract. The Dodgers offered him only a one-year pact and thus they came to the parting of the ways.

Fight Results
NEW YORK (Eastern Parkway Arena): Carmelo Costa, 129½, Brooklyn, N. Y., outpointed Gene Smith, 129, Washington, D. C. (10).

NEW YORK (St. Nicholas Arena): Danny Jo Perez, 128, New York, outpointed Bobby Biekle, 139½, Topeka, Kan. (10).

CARACAS, Venezuela: Sandy Saddler, 127½, New York, knocked out Baby Ortiz, 127, Mexico City (3 — non-title).

GRASPING—Willie Mays will catch the ball if it's in park. (NEA)

Giants Said Willie Mays Was The Difference—And He Was!

By HARRY GRAYSON
NEA Sports Editor

NEW YORK — (NEA) — Willie Howard Mays, Jr., is the baseball counterpart of a combination star triple threat, linebacker and safety man in football.

For two years the Giants said Willie Mays was the difference — and he was to the extent of more than 40 games, which is what the new National League champions picked up on the Dodgers since last fall.

Here is a 23-year-old in his second year in the majors switching from leading Babe Ruth's home run pace to leading the league in batting.

Here is the greatest of natural ball players, the ultimate in the offensive player, making extremely difficult plays look ordinary.

They don't take an extra base on Willie. The swifter Dodgers and Braves couldn't, and the truly amazing Mays makes the Indians conservative, too. The textbook double becomes a single. Multiply this by 100 and you still have idea of the Say Heh Kid's value to the Polo Grounds.

The GIANT PITCHERS alone realize the real worth of the happy-go-lucky Mays. They pitch to him. He makes the staff. The New York pitchers don't care how far opposing batters belt the ball just so long as it's in the park.

**Eddie Mathews
Weds Wisconsin Girl**
MILWAUKEE — Milwaukee Braves' third baseman Eddie Mathews and Miss Virjean Lauby of Marshfield, Wis., were married Monday afternoon in a brief and simple ceremony performed at the county clerk's office.

long as it is hit in the general direction of Mays' almost unbelievably wide range in center field.

The ball practically has to be hit out of the park for Mays not to catch it. Jim Hearn still talks about the youngster climbing the center field wall in Cincinnati to catch a drive off Gus Bell's bat with two men on base for the final out. That was one of the few games Hearn won and the score was 3-2.

Mays makes life much easier for Don Mueller, so The Magician is an improved right fielder. Monte Irvin has had a bad year at bat and his fielding fell off with it. Dusty Rhodes, a mediocre fly-chaser, was in left field a good share of the time, yet, thanks to Mays, the Giants did not suffer.

HIS QUICK START and lick makes Mays, the instinctive ball player, a superlative baserunner, strictly on his own, for Leo Durocher wisely doesn't clutter up the boy with signs. He has considerable to learn, but he's an excellent learner.

The Giants were killed the past two campaigns by the other side taking the extra base and their inability to retaliate. Mays stops the other blockers cold while taking plenty of liberties, himself.

It was on June 3 in St. Louis that the Cardinals quickly flattened Sal Maglie. Henry Thompson hit three home runs and the score was still 8-8.

So Mays hit a two-run homer in the seventh and a three-run homer in the ninth to win it, 13-8.

It is very difficult to take the play away from Willie Mays.

BRAINWORK EQUALS BICYCLE—Miss Verlinda Griffiths, age 11, daughter of Mr. and Mrs. Paul Griffiths of 714 North Main, proudly displays the gleaming new bicycle she won for submitting the winning entry in the Wolf's Beverages slogan contest. Miss Griffiths' slogan, "For Thirst It's Wolf's First," won out over hundreds of other entries in the contest. The second place winner, Linda Faye Lack, Norris City, won a Beacon flash camera outfit, and Gene L. Herndon, Eldorado, won a pen and pencil set as third prize. (Register Staff Photo)

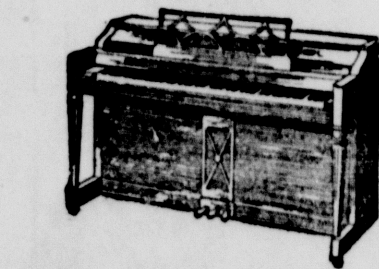

THE STORY: Mrs. Hilton Carlson, one of the wealthy Carlson clan, takes no pains to hide her distaste for Jim Dunn and his wife Nancy who have taken up residence at The Spires, part of the Carlson Colorado estate. Jim and Nancy are posing as caretakers while working for their client, Mrs. Kit Carlson daughter-in-law of Mrs. Hilton. Mrs. Hilton has warned Jim against fishing in the lake, saying the fish belong to her.

VIII
Dunn pulled in a deep breath, stretched a grin on his face which he hoped looked as meaningless as the expression of the younger man. "I have a little message for you to give your Mrs. Hilton. You tell her to keep her fish on her own side of the lake. And you too, for that matter."

"I'll tell her," Philip said agreeably. "But in the meantime..." The rest of his sentence was drowned out as he started the motor again. The boat jumped forward. He swung it around snarling with speed as he passed the end of the pier. He made a tight turn, passed the pier again, repeated the process.

Dunn timed the turns, made a cast when the outboard was most distant. He hoped there were too many hungry fish in the well-stocked lake to be disturbed by the commotion. He was right. Philip couldn't make his turns tight enough to keep the water in constant turmoil. There was always some place for Jim to cast, and

Rotary Film Shows Importance Of Re-forestation
A colored film on the paper industry and the importance of trees and re-forestation was presented for the enjoyment of Rotarians last night at their weekly dinner session in the Masonic temple.
Roy Thompson was in charge of the program. The film was made for the International Paper Company and depicted the various steps in the operation of their extensive industry.
The film stresses the need for an ever alertness against forest

fires coupled with an intelligent cutting and re-forestation program. Great forest areas in Canada and the southern states of this country were pictured as highly suitable for the "tree crops."
It was pointed out in the picture that growing trees as a crop is becoming increasingly more common. Much sub-marginal land is becoming profitable land through re-forestation for the paper industries.
Paul Kihlmire of the local forestry office was a guest at the meeting and following the showing of the film spoke briefly of southern Illinois and neighboring state areas. He listed the types of trees found in this area as some of the best in the land and emphasized

the possibilities throughout this section if a paper mill were located somewhere within the Ohio-Mississippi valley.
A short business session preceded the program.

Heavy inlaid linoleum makes a good working top for wooden cabinets. It should be large enough to fit the top without piecing and should be glued or cemented to the top, then sealed and waxed.
